

B.M. - S.W. cor. doorstep entrance to City
Parking Garage - 14' west of east face
north side of Church Street - Elev. 59.96

Notes:

1. Elevations are City of Hartford (M.D.C.) Datum.
2. Profile elevations along streets are existing or proposed top of curb grades. Transverse walk grade, back from curb, rises at a rate of 3%.
3. Elevations shown within the site pertain to the basement grade for that location.

B.M. - Triangular cut S.W. cor. doorsill
No. 208 Trumbull Street - Elev. 59.59

Site demolition was in progress at the time
this map was prepared. The contours shown may
not conform exactly to the site conditions to be
found at the start of construction. Locations
of basement walls, shown by small dashed lines,
are approximate only.
In these respects, I hereby certify this map
to be substantially correct.
